## 1 - Cherry Picker's New Remote Training Options

As a result of social distancing guidelines and measures that we all must respect right now, Cherry Picker have a solution to continue to provide its 3 training courses remotely.

Those are:

- MEWP Training
- Working at Heights Training
- Safety Harness & Lanyard Training (we are pleased to announced that more courses will be added in the coming weeks)

**Through our website, the training candidate will be able to login and access the course that they require.**

- Without the need to sit in an indoor group environment for a full morning session, training candidates will be able to complete the theory sections of their course remotely.
- With our additional 'Save & Continue' feature, the candidate can also complete the theory element of their training at their own pace.
- Once they have passed the theory element of their course, the candidate will book to attend a short outdoor practical assessment on either their site or at Cherry Picker.
- For the practical assessment, the following measures will be a standard part of their assessment:
  - ✓ Social distancing
  - ✓ Disinfection of universal contact points on machines (controls, basket opening/closing, etc.)
  - ✓ Digital documentation/payments

**For more information or to book your training:**  
Contact Lara on **018354788** or email [info@cherrypicker.ie](mailto:info@cherrypicker.ie)
