The Nifty 120T trailer mount is specifically designed to give maximum reach performance from the most compact chassis possible.

By utilising its versatile telescopic upper boom, the Nifty 120T trailer mount delivers unrivalled working outreach, especially at lower levels where it's needed most.

Hydraulically operated outriggers make setting up the Nifty 120T trailer mount both quick and easy.

Telescopic axles coupled with a very compact base make the Nifty 120T trailer mount one of the most compact and manoeuvrable trailer mounts available.

The Nifty 120T trailer mount is also available with a [traction drive](#) option that offers a simple, cost effective and safe method for on-site positioning.

Working Height (A) 12.2m (40ft)

Platform Height (B) 10.2m (33ft 6in)

Machine Length (J) 4.5m (14ft 9in)
