

# B200PX

## Compact IV

20,6 m

The GSR double articulated platform B200PX allows to reach a maximum horizontal outreach of 9 metres. This machine maintains the stabilization "in shape", with the result of being particularly compact.

Simple to use and technologically advanced, this model keeps the traditional levels of rigidity and sturdiness of the PX series and confirms the high-quality and innovation standards of GSR products.

- Balanced and controlled swing of the articulations, making operations easier and safer
- Unrestricted basket capacity (up to 250 kg) in its work envelope
- "In shape" stabilizers
- Up to 9 metres up-and-over outreach
- Intuitive and simple controls
- Advanced security systems, precise and immediate in use
- Light weight but robust structure
- Compact and balanced on the road like a normal car
- Easy and intuitive, ideal for self-drive hire

Model	Working Height (m)*	Max. Outreach (m)*	Basket Capacity (kg)	Turret Rotation (°)	Basket Rotation (°)	GVW min. (to)*
B200PX Compact IV	20,6	9,00	250	450	70 + 70	3,5

\* Depending on the vehicle
